Summer Spa Specials

Offers end 31st August 2010

Face and Body Sensations

55 min. for €99 (normal price €110)

This is a 30 minute body hot stones massage including a soothing neck & shoulder massage, leading into a prescribed anti-ageing facial treatment for the remaining 25 minutes.

Full Body Hot Stones Massage

75 min. for €119 (normal price €130)

This is a unique experience to relax completely body, mind and spirit as your chakras will be balanced during this massage. Your body will achieve the same relaxation that during a Deep Tissue massage but without the deep pressure as the heat penetrates into the muscle tissue reliving easily the muscle tension.

Excellent for those with muscular stiffness or difficulty for relaxing/sleeping.

Please see our brochure for a complete treatment list.
